Orders should be submitted to gcorchids@aol.com. After receiving your order, along with your shipping address and phone number we will pull the available plants and invoice via Square. Payments can be made with the Credit Card of your choice. We ship either by USPS or UPS AIR. Shipping varies based on size of order along with destination. On average an order of 2 to 3 small plants to the West Coast is \$14 where as a package to the East Coast is about \$19.

We often substitute a 2 ¼ square Rose Pots for 3 inch round pots as they hold more media.

If we are speaking at your society, please tell us which society we are bringing your plants to.
